NARCISSUS (DAFFODILS) GOLDEN SPUR
The Finest and Largest Block on the Pacific Coast
Grown Under Contract Especially For Us

THE BRIGHTON NURSERIES, LINWOOD, N. J.

Dear Sir:—We want to compliment you on the crop of Golden Spur Narcissus shipped to us last fall. They flowered earlier and produced more flowers per bulb than any stock we have ever handled.

The bulbs were received by us early in October and were potted up immediately and plunged outdoors. They were taken into the greenhouse December 20th in a temperature of 50 degrees, shifting within a week’s time to a temperature of 65 degrees, and we cut the first flowers January 15th.

The bulbs produced an average of three flowers per bulb, and it is needless to say that with this large percentage of flowers blooming at the early date, we were able to obtain an excellent return.

Yours Sincerely, BRIGHTON NURSERIES.

When growing experience demonstrated rather conclusively that satisfactory bulbs of Golden Spur could not be produced successfully in the eastern bulb fields, it looked as though American greenhouse men were to be permanently deprived of this most popular forcing variety; but fortunately a small section has been found that grows them splendidly. And fortunately for us and our customers we were able to effect arrangements that gives us control of the whole stock. Last season we distributed good lots to a few of our customers, and without exception the forcing results were excellent.

PRICES:

| Large Double Nose Bulbs | 1,000 | $90.00 | 1,000 | $84.00 |
| Large Single Nose Bulbs | 1,000 | $65.00 | 1,000 | $60.00 |

A complete list of Narcissus and Daffodils will be shown in our fall catalog, which will be issued September 1st. Or we can send special quotations now if you want them.

SIR WATKIN
On our own farms on Long Island we have the largest plantings of Daffodils in the state, and there is every promise of harvesting an excellent crop. We are making a special offer at this time of “Sir Watkin,” which is one of the leading commercial kinds and the easiest one to handle for either forcing or outside planting.

SOLEIL D'OR
( Yellow Paper White )

Pure golden yellow. We have the largest block of these ever assembled at one place, and our Florida bulbs give excellent results. Can be bloomed just as easily as Paperwhites and no trouble is experienced in getting them into flower for the Christmas holidays.

DOUBLE ROMAN
"Constantinople"

This is possibly the most fragrant of all Narcissus. Large, full double flowers produced in clusters. Easily forced or grown in the home.

Per 100, $6.00; per 1,000, $55.00.

CHINESE SACRED LILY
(Narc. Tazetta Orientalis)

The bulbs we are producing in Florida are much finer than ever came from China. They do not have that crab-like appearance of the imported stock but are more solid and flower more readily.

First Size Bulbs... 100 $8.00; 1,000 $75.00
Monmoth Bulbs... 100 $35.00; 1,000 $35.00

GLORIOSA
Cream yellow with darker yellow eye. Popular with Florists. Flowers very early and has good substance.

Per 100, $6.50; per 1,000, $60.00

GRAND MONARCH
This is one of the sturdiest of the polyanthus Narcissus. Produces large clusters of cream-white flowers with canary yellow centers on very stocky stems. Is not early but a splendid variety for flowering from February first and later.

Per 100, $6.50; per 1,000, $60.00

WHITE PEARL
This is a pale creamy-white variety which, on account of its long keeping qualities, promises to be very valuable for dry bulb sales extending into the early spring months after Paperwhites are finished. It produces a large cluster of flowers with much substance and is very floriferous.

Per 100, $5.00; per 1,000, $45.00

NERINE SARNIENSIS
This beautiful item makes a very fine late summer cut flower or pot plant. The bulbs make an early start so should be ordered and planted at once.

TRITONIA CROCATA

This is an old and perhaps somewhat neglected bulb that has recently received much attention as one of the most strikingly brilliant and interesting of winter and spring forcing bulbs. The flowers are bright orange scarlet and make a most attractive pot or pan plant.

We have been growing quite a quantity of these for the past few years, and have a fine stock to offer of large, plump, forcing bulbs.

Price per 100, $4.50; per 1,000, $40.00

OXALIS

These are becoming very much in demand for winter forcing. Successive crops may be had from November till late spring by planting at intervals from August onwards. They are most effective planted in pans, 1 1/4 to 2 inch intervals between bulbs, and make delightful subjects for rooms, sun parlors, etc., simple covering themselves with bloom. Florists will find these good sellers, either dormant or as blooming plants.

ZEPHYRANTHES CANDIDA

This is the fall flowering white variety which is very attractive for the late summer garden. It is specially adapted for growing in bowls with fibre, and with very little attention is readily flowered in a short time, making it an excellent store item.

Per 100, $3.00; per 1,000, $25.00

All quotations on imported items are contingent upon the maintenance of the present tariff schedule, and are subject to any changes made therein up to and including date of delivery.
The Big Growers Pick These For Late Winter Forcing

IRIS FILIFOLIA
“IMPERATOR”
For years this great Blue forcing Iris has been creating much favorable comment at leading spring flower shows, and growers are unanimous in their opinion of its great value as a forcing cut-flower.
American-grown bulbs are proving very satisfactory and excellent blooming percentages are reported by growers.
Per 100, $6.00; per 1,000, $50.00

Note: $2.00 per case lower on five cases or more of any sizes.

JUNE-DUG GLADIOLI
Large Bulbs for Forcing
These bulbs are dug in June and given sufficient rest to permit of thorough curing before delivery is made in late August. No difficulty should be experienced in bringing these bulbs into flower for the Christmas holidays or early January.

LILIUM TINGITANA
While this Iris is an uncertain producer with some growers, we have many others who tell us that they are getting splendid results, and we believe that it is all a matter of handling. It is a good money maker for those who can grow it. We offer the finest California bulbs.
Per 100, $7.50; per 1,000, $65.00

ANEMONES
Our Anemones have been giving splendid results for many years and we have an extra fine lot to offer for this year.

RANUNCULUS
The giant French Ranunculus resemble in form a miniature pompon Dahlia, but are as brilliant and varied in coloring as the Poppies and Anemones. In forcing them, give the same treatment as Anemones, but they do not mature quite as early.
